## Our Campus

There are a lot of amazing things happening on our campus! If one of these areas stands out to you please let us know and we can let you know how to serve in that space!

- "White House": This house is being renovated into an outreach center focused on children! We hope to hold tutoring, music and art classes, and more as well as create a space for our community to gather. The "White House" was purchased with a grant from the Lutheran Women's Missionary League (LWML).
- Redeemer House: Our second house is focused on adults. This space will be used for one-on-one literacy or job-readiness classes with a basement workshop and an apartment upstairs. This house was purchased with a grant from Lutheran Church of the Redeemer in Birmingham, MI.
- Garden of Eatin': Raised garden boxes will be available for community members to grow vegetables or flowers. We also have a small orchard of fruit trees!
- Spring Garden Haven: In this park-like setting, community members can enjoy walking or sitting in a beautiful environment.
